

Callaway.  
Dec-15-1908.

Mr. West:-

Since writing

you, I decided that it  
would be best, possibly,  
to, not take up the "East  
Bay Canal, history" next  
week, but give a  
little outline of the  
work for the Association  
for there are so many  
ladies who have no

idea, what we could  
do, all S&A Bay, to-  
gether. I believe  
that this is more im-  
portant just now that  
the Canal, writing

Of course, I'll "write  
up" ~~some~~ with something  
about the "Canal."

And then too, we were  
down "Monday" - and if  
I were to take up the history  
next, I'd have to come down  
again this week, and  
Mama does not like the idea

of my going so much.

I'll try to get article <sup>mentioned</sup>  
down for Saturdays <sup>mail</sup>.

Now since I've given  
out the idea of coming  
down, suppose I'd better  
write more definite about  
the land etc.

As I wrote you, Mr. Parker  
said that if it would  
be three weeks before  
he could have time to  
work any for me - said  
that you were pressing  
him to finish up the  
community etc, and that

there were others too  
ahead of me.

I will try, in Milville  
tomorrow, to find another  
surveyor, who could have  
time to do the necessary work,  
~~but~~ and if I fail will  
try Mr. Parker again.

There is always a  
mountain of difficulties  
to climb, in every under-  
taking, therefore, I <sup>call</sup> ~~will~~  
~~render~~ ~~to~~ "fate" and go on.

Did you know that  
you also left out  
Dodie Bonalson's name.

I think now that I'll  
be down the first of  
next week, but if not,  
will be on hand  
Saturday.

Sincerely  
William Carlisle.
